Re: Juany Cleaning Service
Letter of Recommendation

To whom it may concern:

Recar & Associates has contracted with Juany since June 2008. As a Property Management company and full-service real estate firm, we recognize the importance of offering property that shows the most potential to the buyer/renter. Our reputation depends on our listings and vacancies looking clean and polished, and Juany Cleaning Service has been reliable in helping us meet that goal.

Juany also has a wonderful make-ready cleaning service. "Time is money" and Juany Cleaning Service has shown great diligence in their punctuality and efficiency when it comes to having a house market-ready. They have done an outstanding job for us, and can confidently make this recommendation for your cleaning and make-ready needs.

Sincerely,

Rudy Vincent
